Review of Star Trel colliectablesBy Debra GreenThis is a good book, however it does not have the things that I wanted i.e. dolls and single moviesof the series.I would recommend insofar as it is specific but does not cover pertinent items0 of 0 people found the following review helpful. Worth a Beam-UpBy RayROnlineNice book. A little dated not having many recent collectibles. I was able to find who made

the Starfleet Class Ring I was trying to find out about for years, so I was very happy. I wish it had more pictures. Generally this was a good buy and worth having.4 of 4 people found the following review helpful. very informativeBy A CustomerThis is the best star trek price guide I've found and I've been looking for a while. However this book is a few years out of date, it would be great if they updated it.
