Q. David Bowers : Lost and Found Coin Hoards and Treasures: Illustrated Stories of the Greatest American Troves and Their Discoveries before purchasing it in order to gage whether or not it would be worth my time, and all praised Lost and Found Coin Hoards and Treasures: Illustrated Stories of the Greatest American Troves and Their Discoveries:

4 of 4 people found the following review helpful. A treasureBy JJ WriterThis book is a treasure in itself. Coin expert Bowers describes coin hoards, sunken treasures, telling the stories in his own interesting way. You don't have to be a coin collector to enjoy this book. Who wouldn't love to find a hidden treasure? My favorite section covers hoards to be found, state-by-state. Great illustrations, thorough, engaging. This book would be a wonderful gift for anyone interested in coins, hidden treasures, sunken ships, or anyone who wants a fun and interesting read.2 of 2 people found the following review helpful. Fantastic book for history buffs and coin collectors alikeBy T.C.Great book for coin collectors and history lovers. I've been reading Mr. Bowers' books since the 1970s. While his interests are varied, he excels in his ability to clearly and concisely present that knowledge to collectors whether the collector is a newbie or seasoned professional. With Lost and Found Coin Hoards and Treasures, I found the history of the famous hoards and lesser-known collections to be both educational and entertaining. The "Q" in Mr. Bowers' name should stand for "Quality" because that's what he delivers in each and every book he has written. As always, buy the book before

buying the coin. Mr. Bowers' books offer a good foundation for that knowledge before you buy coins.2 of 2 people found the following review helpful. Always somebody else.By mafc1212Why can't I ever be that lucky, but a good book still

In this richly illustrated book of true stories, Q. David Bowers takes you on an exploration of treasures from sunken ships, blank vaults and reserves, hidden compartments, buried chests and boxes, old safes, hideaways of pirates and privateers, cornerstones, barrels and casks, Mint and Treasury storage, wrecked buildings, caves and crevices, old estates, time capsules, forgotten collections, attics and basements, and other lost and hidden places. These valuable treasures and hoards of American coins had vanished from memory, but now many of them have been found. Some are still missing, and awaiting discovery! This book is your ticket for an exclusive look behind the curtains of time, by a master storyteller and America's best-known numismatist.
