Ian M Johnston : Going Round The Bend in Search of Old Tractors before purchasing it in order to gage whether or not it would be worth my time, and all praised Going Round The Bend in Search of Old Tractors:

1 of 1 people found the following review helpful. Interesting accounts of Old TractorsBy Roger WotherspoonA very worthwhile and interesting book on rare tractors around the globe. Recommended reading.0 of 0 people found the following review helpful. Four StarsBy CustomerHoped for more pictorial information

In this book, internationally acclaimed tractor authority Ian M Johnston skillfully blends and portrays the many facets of the world of classic tractors. Whilst essentially a descriptive historical record of tractors, the text digresses occasionally to introduce the reader to a range of fascinating tractor people and shares a few of the author's light hearted personal recollections and tractor experiences. Going Round The Bend In Search Of Old Tractors contains photographs throughout the book of rare and unusual tractors. Some of these and their accompanying text are of significant historical importance. Going Round The Bend In Search Of Old Tractors will appeal to tractor enthusiasts, agriculturalists and historians around the world. A charming read for those who love tractors, let Ian take you on a journey with him on his travels and the wonderful tractors he finds along the way. (Ian M Johnston)

About the AuthorIan M. Johnston's interest in tractors was kindled at an early age when, as a young schoolboy, he was reared in the midst of a farming community located on the east Coast of Scotland. Ian has eight books all on the subject of old tractors devoured by his fans around the globe and hundreds of magazine articles read by farmers and classic tractor enthusiasts.
