A truly a handy reference guide for those who need to see it laid out in front of them in black and white type.0 of 0 people found the following review helpful. Five StarsBy Don CooperA very helpful guide for collectors!0 of 0 people found the following review helpful. It's just OK, no better than thatBy RonTitle says it all. I found it a little difficult to use. Poor supporting documentation and lacks 78 rpm data.

A goldmine of values in two grades for more than 30,000 record albums, from the Beatles to Sinatra, from the '50s through the '80s. More than double the illustrations from the last edition, plus an expanded record label directory.
