**From Brand: Skyhorse Publishing : Gun Trader's Guide, Thirty-Fourth Edition: A Comprehensive, Fully-Illustrated Guide to Modern Firearms with Current Market Values** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Gun Trader's Guide, Thirty-Fourth Edition: A Comprehensive, Fully-Illustrated Guide to Modern Firearms with Current Market Values:

0 of 0 people found the following review helpful. Gun PricesBy HelpI was looking for a book that has all the prices in it to make purchases from Gun Stores and other owners. I think having all the priced on all the firearms would be a big help on that one. If you looking for the Blue book prices for purchasing. This is not the book for you. The 104th

Edition Green Cover book is the one that your looking for. I finally found one locally. but anything over 100 th + editions should do it. Most of the wrong ones are under that.0 of 0 people found the following review helpful. Not so comprehensiveBy John LazoBought this as companion guide to the 2013 Standard Catalog of Firearms. A lot of guns are missing in this book and it offers less in the way of pictures of firearms, which I find useful to help identify a particular item. Would not buy this as your primary source of gun values, but makes a good companion/back-up.0 of 0 people found the following review helpful. Very time consumingBy Danny KempThis e-book takes a lot to time to find anything. You can not go to the index and plck an item you have to guess what part of the book it is in. Then look page by page (without page numbers) until the proper Item is found. If you don't get tired and give up. The real book is much eaiser to use.

Gun Trader ' s Guide is the original reference guide for gun values. For more than half a century, this book has been the standard reference for collectors, curators, dealers, shooters, and gun enthusiasts. Now in a completely updated edition, it remains the definitive source for making informed decisions on used firearms purchases. Included are extensive listings for handguns, shotguns, and rifles from some of the most popular manufacturers, including Beretta, Browning, Colt, Remington, Winchester, and many more.This thirty-fourth edition includes a complete index and a guide on how to properly and effectively use this book in order to find the market value for your collectible modern firearm. With new color photos from gun dealers and shows, as well as introductory materials that every gun collector and potential buyer should read, this book is the ultimate guide to purchasing firearms. No matter what kind of modern collectible firearm you own or collect, the Gun Trader's Guide should remain close at hand.

About the AuthorStephen D. Carpenteri has been shooting and hunting for more than fifty years and has been writing about firearms and ammunition since 1975. A handloader, target shooter, and all-round gun buff with experience in all aspects of firearms usage, Carpenteri is an avid gun collector and long-time user of the Gun Trader's Guide.
