The author gives comprehensive guidelines before you start firing up your own gun. I just hope that there will be a second book with instructions on how to fire a gun.0 of 0 people found the following review helpful. A very helpful and informative book!By RobertoA complete guide on what to buy and the uses. There are also helpful insights on why you should or should not get a gun. There are also other things that a person should really know first before having a gun. Having a gun is also having a very big responsibility. I really recommend this book for those who are thinking of having a gun.0 of 0 people found the following review helpful. short and sweetBy Dave TuckerThis book is concise and covers the basics to gun ownership. A good factor that I respect about the author is that he talks about the responsibility that a gun owner has and also knowing why you want to buy a gun. Knowing the dangers and taking preventative measures to heighten the safety when out and about using a gun is a very important aspect as a gun owner. This is a great starting point for those considering investing in a gun themselves
