Five Stars By BRIAN L ECKENRODE great order 0 of 1 people found the following review helpful. beautiful book about carriages By Antonio Bruck probably this book has been sold plenty of times. so, what could be said? it contains plenty of beautifully made pictures of carriages. this is what is shown on the cover and this is exactly what I have been looking for. I could not ask for more, the choice of the carriages is great, the pictures are just perfect.

A meticulous reproduction of a hard-to-find catalog, this volume features over 350 finely detailed line illustrations of

carriages and wagons. It includes more than 140 different models — cabriolets, flat-bottom and jump-seat surreys, phaetons and spiders, Stanhopes, storm buggies, Concords, open driving wagons, and much more. Extensive captions.
