Excellent reference when paired with Tomart's price guide and online price guides so you can get an accurate read of today's estimated values. If you only want redlines, this is a great starting book for the basic collector.0 of 0 people found the following review helpful. If you're into Red Line Hot Wheels, you shoud buy this bookBy Harry H.I bought the 'Warman's' field guide book, it took all of two minutes to realize it wasn't what I was looking for. I purchased THIS book after reading many collector reviews, and I can say this IS the best book on

vintage Red Line Hot Wheels, hands down, even though it was updated in 2007... I hope they do a 'third' edition!!! I'll be the first person to order it.....!0 of 0 people found the following review helpful. Five StarsBy CustomerVery informative book

REVIEW: Collectors are speeding to the bookstores to pick up this book, the first devoted to the Redline era of Hot Wheels - those cars that were manufactured between 1968 and 1977 with wheels trimmed in red. This book is very colorful with large, detailed photographs depicting all cars from this era. Organized by year, it's easy to follow and superbly organized.
