Peter Drijver, Johannes Niemeijer : How to Construct Rietveld Furniture (Dutch Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised How to Construct Rietveld Furniture (Dutch Edition):

This volume documents the best-known and most typical furniture designs by Gerrit Rietveld down to the smallest detail. The book contains working plans, measurements, detail drawings, lists of materials and instructions for the assembly of each piece, as well as historical information about each one. This volume is considerably expanded from the 1986 version.
