RosarioMr. Brower has done it again in this wonderfully-put collection of legendary photos of the ship, the set up of very special events with the Titanic Museum, and some touching stories from his personal life are all included in this fantastic book. A great writer. He definitely keeps his readers on edge and wanting more for when every page is turned. A great piece of written history for all ages to read and enjoy!

April 2012 marked one hundred years since the sinking of the fabled R.M.S. Titanic. While many events took place worldwide to celebrate and remember this moment in time, a noted historian from South Florida intended to bring back elements of the grand ship herself to share with everyone. This is the tale of the creation of both a legendary liner

and a man who has devoted almost his entire life in preserving her memory for future generations.
