Steve Butler : Hubley Toy Catalogs: 1946-1965 (Schiffer Book for Collectors) before purchasing it in order to gage whether or not it would be worth my time, and all praised Hubley Toy Catalogs: 1946-1965 (Schiffer Book for Collectors):

0 of 0 people found the following review helpful. Great gift for a toy collector By Pam My husband collects Hubley airplanes. I gave this to him, with a Hubley plane of course, for his birthday. He loves it. It shows each year the toys that were produced with photos. The price list in the back is old since the book was printed several years ago but it still gives you an idea of value. Great gift for a toy collector. 0 of 0 people found the following review helpful. Four Stars By Bill Bowennice book 0 of 0 people found the following review helpful. Not complete By Bayard T Keller Did not cover items that I was interested in from this period

A tremendous resource for toy collectors and dealers, this new book compiles the catalogs of the Hubley

Manufacturing Company from 1946 to 1965. Each page is reproduced in full color, making it an invaluable reference for identifying and dating Hubley toys. Hubley was incorporated in 1894 in Lancaster, Pennsylvania, and produced wonderful toys throughout its history. The catalogs in this book represent the production from 1946 to 1965, when the company was purchased by Gabriel Industries. Over 450 color images document each page and every toy Hubley produce in this period. A value guide is also included with current market values. This book is a perfect accompaniment to the author's previous book, Hubley Toys.

About the Author Steve Butler bought his first Hubley toys at a five-and-dime store as a boy. His collection and love for the company and its products have grown into expert status today. Steve lives in York, Pennsylvania.
