Iver Johnson's Arms and Cycle Works Handguns, 1871-1978By Governmentmodel45This is a great book...it has all the information needed to properly document your firearms and is highly deserving of a place in the library of any discerning armscollector. I have noted one discrepancy in the description of this book though... The publisher of the book "pictured" (Iver Johnson's Arms and Cycle Works Handguns, 1871-1993) is a current title from Gun Show Books Publishing, and the book in the title description (Iver Johnson's Arms and Cycle Works Handguns, 1871-1978)is an out of print title from the same author but a different publisher.
