Maria Ribeiro : Iznik Pottery and Tiles before purchasing it in order to gauge whether or not it would be worth my time, and all praised Iznik Pottery and Tiles:

Denny) Iznik by Maria Ribeiro has magnificent color pictures, throughout the book, of the Iznik pottery collection in Lisbon, Portugal. The text is interesting but the pictures are the main feature of the book. A must have for the decorative art enthusiast. 0 of 0 people found the following review helpful. Beautiful book By Eleanor M. The text is marginally informative, although I'm not sure how much one can say about old ceramics that are not just guesses. I did buy this book mainly for the pictures though and those do not disappoint. It's a bargain for the price. 0 of 0 people found the following review helpful. Five Stars By DB beautiful

A stunning selection of 80 examples of Iznik pottery from a world-renowned collection.
