Jack Ogden : Jewellery (Intelligent Layman's) before purchasing it in order to gage whether or not it would be worth my time, and all praised Jewellery (Intelligent Layman's):

0 of 0 people found the following review helpful. Excellent book with fine detail and skilled researchBy A.J. MartinExcellent book with fine detail and skilled research. It is a summary, to be sure, but the information is invaluable. An overview of jewelry from the Ancient World through the 20th century, it is of anthropological value, and adds discussion of gems and stones, cuts and values, European assay marks, and a list of recommended books.0 of 0 people found the following review helpful. Four StarsBy Ronald L. CharlotteVery similar to "Jewellery: 7000 years", but with a more analytical text to go with the clear, sharp photos.

Presents 5000 years of jewellery from around the world.
