Joanna Sheen : Joanna Sheen's Paper Lace Greetings Cards (Passion for Paper) before purchasing it in order to gage whether or not it would be worth my time, and all praised Joanna Sheen's Paper Lace Greetings Cards (Passion for Paper):

1 of 1 people found the following review helpful. Joanna Sheen's Paper Lace Greeting Cards By shari ulman In general a lovely collection of card art BUT almost all of them use her paper products. If you do not have those , they are useful only as examples/templates. Mostly cutting out her toppers and using few other items. Since all her work has a very British design esthetic, it is fun to see what other people do across the pond. If I had known what it contained I would not have purchased it.
