Erhabor Osaro : Laboratory Total Quality Management for Practitioners and Students of Medical Laboratory Science before purchasing it in order to gage whether or not it would be worth my time, and all praised Laboratory Total Quality Management for Practitioners and Students of Medical Laboratory Science:

This book will enable the production of reliable, accurate, reproducible (best possible care) results that satisfies the customer's requirements obtained from an accredited, process oriented, health and safety conscious laboratory that is cost effectively run (value for money) by qualified, certified and highly motivated biomedical staff (Joy and pride at work) using well maintained, validated and quality controlled equipments and appropriately stored reagents on the right sample drawn from the right patient that is appropriately communicated in a timely fashion to the requesting clinician to enable them render the best possible evidenced- based medical care to their patients.
