From Andrea Press : Leon Rampante 2005 before purchasing it in order to gage whether or not it would be worth my time, and all praised Leon Rampante 2005:

Full-colour photographic portfolio of the best models from modelling show and competition Leon Rampante, Spain in 2005, showcasing the Spanish modelling elite. With numerous photographs and short commentaries detailing the model's conception, this is a must-have for all aspiring and serious modellers everywhere.
