**From Histoire and Collections : Les Blindes (L'Encyclopedie du Modelisme) (French Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Les Blindes (L'Encyclopedie du Modelisme) (French Edition):

French Text The art of the plastic model kit has reached a high level in Europe and armored vehicles are probably the fastest growing in popularity. The text of this extraordinary work is in French, but its nearly 1,000 color photographs

giving step-by-step procedures for assembling, painting and detailing are readily understandable.
