I'm so glad it exists, because if it didn't, I was going to have to go and write it, and that would be way too much work. 0 of 0 people found the following review helpful. London's Theatres Book By M. J. Winiecki Book took a while to reach me but it did finally arrive and in good condition. It is a marvellous book which I intend to give to my daughter as a present as she is an actress in London and will appreciate reading about all the London theatres.

This visually stunning celebration of London's theatres is a perfect souvenir for visitors, Londoners or anyone with an interest in British history and architecture. In 180 exquisite cameos, London's Theatres captures over 50 of the best-known theatres in Central London as they are now, at beginning of the new millennium.
