0 of 0 people found the following review helpful. Wonderful pictures and drawings.By Ben ThomasFor those mies fans who want a more specific look into some of his work. Furniture is much more than just a last thought for someone else to worry about. Mies has proven that, and this small book is a wonderful look into it. Great pictures and fantastic drawings. I would love a more in depth look at it, but this is a must have book.0 of 0 people found the following review helpful. Great book.By Staci WFabulous book about Mies' furniture styles. Beautiful pictures. Lots of information regarding the time period and composition. I would recommend.
