Lanto Syngé : Mallett Millennium, Fine Antique Furniture and Works of Art before purchasing it in order to gauge whether or not it would be worth my time, and all praised Mallett Millennium, Fine Antique Furniture and Works of Art:

Mallett of Bond Street is famous in the world of antiques and fine art, renowned as the leading dealer in fine English furniture. Drawing on its previously unpublished archives, Lanto Syngé takes the reader from the 17th through the 19th centuries, illustrating furniture of all kinds, mirrors, glass, sculpture and decorative items and a selection of outstanding paintings. Anecdotes about interesting personalities and customers enliven the text, and provide an entertaining history of the business itself. These, combined with the remarkable illustrations, offer a unique

perspective on the history of furniture and the decorative arts.
