**Martin Cassidy : Marching with Wellington: With the Enniskillings through the Peninsula to Waterloo** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Marching with Wellington: With the Enniskillings through the Peninsula to Waterloo:

Compiled from hitherto unpublished diaries and letters, this book tells of the dangers and rigors of life as experienced by the Infantry during the Napoleonic Wars. A superbly researched work by an expert historian, it captures the atmosphere of the era with total immediacy made possible only because the writers were actually there.
