**Jeffrey B Snyder : Marvelous Majolica: An Easy Reference Price Guide (Barron's Business Library)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised *Marvelous Majolica: An Easy Reference Price Guide (Barron's Business Library)*:

0 of 0 people found the following review helpful. A good source for majolica collectors  
By Janis Hendler I've always wanted to collect early majolica, which my partner thought was the tackiest pottery ever manufactured. This book proves him wrong, and is a helpful guide to understanding the art form.  
0 of 0 people found the following review helpful. Three Stars  
By Gail Smith Great pictures, a lot of information but quite dated, especially with regards to prices.  
0 of 0 people found the following review helpful. Five Stars  
By Customer Very good book for history and present day items. Would recommend for new to Majolica.

A fascinating survey of the majolica ceramic wares produced in Victorian England, Europe, and America. Over 550 color photographs of these popular, brightly-glazed ceramics demonstrate the various forms in tablewares, serving dishes, figurals, planters, jardinieres, and vases that colored Victorian homes. Brief explanations of majolica's origins, manufacturing, and makers are included, and the items are organized into broad categories by ware type (jardinieres, plates, platters, etc.) for easy reference. Also included are a bibliography, index, and values with the photo captions.

About the Author Jeffrey B. Snyder is an experienced author and editor. This is his second book on majolica.
