Massad F. Ayoob : Massad Ayoob's Greatest Handguns of the World Volume II before purchasing it in order to gauge whether or not it would be worth my time, and all praised Massad Ayoob's Greatest Handguns of the World Volume II:

8 of 8 people found the following review helpful. I wanted more of these articles . . . and Mas delivered! By Karl Erich Martell Massad Ayoob's first volume of GREATEST HANDGUNS OF THE WORLD was such a terrific read that my review asked the publisher to consider a second volume - and here it is! Several friends and I were so glad about this that we actually pre-ordered the book. When it arrived, we found more of the same: imagine you spent a good deal of time going to gun shops and gun shows with a knowledgeable friend, who then filled you in on all the details of the neat guns you ran across. Like the articles in the first book, the ones in this book are liable to have at least some new information for anyone - it's a labor of love, and it makes for a nice mellow read akin to something Elmer Keith would have put together. I gave away several copies of the first book to family and friends, and I envision doing the same

with this follow-up volume. Any gun guy would enjoy this.0 of 0 people found the following review helpful. Much better proof reading, but still not a 5 star effort.By Thomas L. StruckmanMassad did a much better job limiting the typos and mistakes in this volume, but I found some of his chosen handguns a bit off the beaten path and some of the material just wasn't up to his normally excellent standard. Since both this book and it's predecessor are merely compilations of articles he had previously wrote, be prepared to read the same thing, over and over, such as his method discounting the two worst shots in a 5 shot group and using the remaining 3 for an approximation of what a gun would do in a rest. It's a reasonable assumption, but reading it a dozen times gets old.0 of 0 people found the following review helpful. Well written---as usual. The author is truly blessed with ...By SuffolkSnowbirdWell written---as usual. The author is truly blessed with an ability to write and describe in such a way that you can almost feel the described subject in your hand.

More great handguns...according to Massad Ayoob! After the first volume of Greatest Handguns of the World, author Massad Ayoob cringed at leaving so many great guns on the cutting-room floor, and readers clamored for their favorites that didn't make the cut. This companion volume picks up where that one left off, covering more of your favorite handguns, including:

About the AuthorMassad Ayoob is one of the pre-eminent fighting handgun trainers in the world. He operates the Lethal Force Institute, training clients in the US and internationally. His method of reflexive yet accurate shooting at high speed, "Stress-Fire," was adopted by the US Army as part of its standard pistol-training course. Ayoob has authored Gun Digest Book of Beretta, Gun Digest Book of Sig Sauer, Gun Digest Book of Combat Handgunnery, Gun Digest Book of Concealed Carry and is one of the best-known magazine writers in the industry.
