Nick Forder : Masterpieces in Miniature: Dollhouses: 3 Vol. Boxed Set before purchasing it in order to gauge whether or not it would be worth my time, and all praised Masterpieces in Miniature: Dollhouses: 3 Vol. Boxed Set:

Antiques and collectibles are more popular than ever and shows like the immensely popular "Antiques Roadshow" on PBS demonstrate the public's interest in information about the value of collectibles and art. The world of miniature dollhouses are no exception. Supplying valuable information, as well as being a handsome companion to any miniature dollhouse collection, Dollhouses will no doubt become just as collectible as the treasures it chronicles. Containing over 50 color photographs of the life-like miniature art, housed in a durable, attractive CD box-set-sized case, the three-volume set offers collecting guidance, value ratings and insightful information about the making of the most treasured miniature collectibles available. Volume One - Miniature Dolls - Features the work of leading artists in the field. Volume Two - Miniature Accessories - Details the most challenging aspects of dollhouse craft and accessories, including modern-day and period household appliances. Volume Three - Miniature Furniture - Spotlights the most representative examples of miniature period furniture, from medieval times to the twentieth century.
