Charlie MacK : Matchbox Toys: The Tyco Years 1993-1994 (A Schiffer Book for Collectors) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Matchbox Toys: The Tyco Years 1993-1994 (A Schiffer Book for Collectors):

Two Very Busy Years for Matchbox Toys By A Customer The fourth in a series of books, "Matchbox - The Tyco Years, 1993-1994" is mind-bogglingly exhaustive in its completeness. It delineates every single Matchbox product issued in the short two-year period since the purchase of the brand by Tyco. Its only shortcoming is that the price guide, variation list, and pictorial guide are three separate sections, meaning the reader must flip back and forth to cross-reference. The book's author Charlie MacK has arguably the largest Matchbox toy collection in the United States, perhaps in the world. Last count was over 18,000 different specimens! They can all be seen in his museum in Durham, Connecticut, by appointment only. Muy buenas fotografías y contenido. 100% satisfecho!

The wide range of exciting Matchbox die-cast toys produced after Universal transferred company ownership to Tyco (America's third largest toy company) are presented here with a detailed, incisive text explaining the variations, the number code of all the toys, and brilliant color photographs. Included are additional toy lines including Harley Davidson motorcycles, Thunderbirds action figures, Live N Learn preschool toys, and the Crash Dummies. Toys distributed by Matchbox* for other companies are also illustrated and discussed.
