I perused his/this book in the gallery and decided to add it to my growing library ASAP. I was not disappointed! His writing adds an extensive narrative to his metaphorical artistic mysteries fantasies. I have about half way to go - as his text demands re-reading committal to memory. I indulge myself in depth and I am enriched. Go get yours!!!1 of 1 people found the following review helpful. Pure Art EcstasyBy Raynebow OceanAll I can say is the art most illustriously envisioned by Vladimir Kush is pure fantastical enjoyment for one's eyes. You could come home from a busy day and just sit and be calmed by the warm, magical, imaginery, illustrious notions of each and every piece. You will find warm flows of the most majestic colours bounce off of each piece. A pure relaxation and most enjoyable feast for your eyes which is a form of entertainment matched by none.0 of 0 people found the following review helpful.
