Susan Maxine Klein : Mid-Century Plastic Jewelry (Schiffer Book for Collectors) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Mid-Century Plastic Jewelry (Schiffer Book for Collectors):

1 of 1 people found the following review helpful. Five StarsBy JAWSAm collecting Lisner items and this has helped.1 of 1 people found the following review helpful. Four StarsBy Betty WideA good book if you are collecting plastic jewelry.2 of 2 people found the following review helpful. Great bookBy SophiaVery nice book with a lot of excellent photos.Explanation of the plastic materials which are used in the jewelry.Description of jewelry after manufacturers and also a part organized in colour.

Bold and flashy, sweet and coquettish, stylish and elegant--plastic jewelry is all of these. In a comprehensive new study with over 400 beautiful color photographs of fabulous and original jewelry designs, explore the interesting and evolving history of plastics used to make jewelry. Meet the manufacturers, designers, and even salesmen who created the industry. See dazzling examples from Coro, Trifari, Lisner, Kramer, Selro, and more. Once considered "junk jewelry," Susan Maxine Klein shows that plastic jewelry is truly an art form.

About the AuthorSusan Klein has developed a professional career in antiques, auction, television, and fine arts galleries in Chicago. She collects plastic bracelets as a hobby and is a master researcher in her avocation. This is her first book with Schiffer Publishing.
