Steven Jenkins : Miller's Ceramics of the '50s '60s: A Collector's Guide (Miller's Collector's Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised Miller's Ceramics of the '50s '60s: A Collector's Guide (Miller's Collector's Guides):

Ceramics of the 1950s and 60s are now a distinct collecting field—and, best of all, the items are both widely available

and affordable. This Miller's guide covers factories from Britain, continental Europe, and the USA, and contains information on designs and marks to help with identification.
