Miller's Field Guides are an invaluable resource for collectors when out buying items at antiques shops, auctions or car boot fairs. They provide a fast and accurate way to recognize, identify and date antiques. In each book a simple question-and-answer checklist is provided for a wide range of key items, teaching you what to look for as well how to spot a fake or a copy. There are price codes throughout, plus concise information on makers, factories, identifying

marks and the factors that affect the value of the piece. In *Silver*, antiques expert and bestselling author Judith Miller guides the collector through key silver antique items, be it a teapot, pepper caster, candlestick or serving tray. Judith Miller began collecting in the 1960s while a student at Edinburgh University in Scotland. She has since extended and reinforced her knowledge of antiques through international research, becoming one of the world's leading experts in the field.
